THEREFORE the parties hereto agree each with the other as follows:

2.2 Operator Representations, Warranties and Covenants

The Operator represents, warrants and covenants to AHS that as of the Effective Date and at all times during the Term:

3.0 Engagement

3.1 Service Provision

Subject to, and in accordance with, the terms and conditions in this Agreement, the Operator will provide the Services (either directly or by making its facilities and services available to other Physicians) to:

- (a) those Clients of Physicians who arrange for use of the Facility for the purposes of providing surgical services to such Clients, or
- (b) in cases only where referral by a Physician is not required, those Clients who present themselves directly to the Operator and who request the Services,

provided that in each instance, the provision of the Services requested is both clinically and ethically appropriate, constitutes the provision of a service which is Insured to a person eligible to receive those Services and is provided during the Term.

3.2 Location and Accreditation Restrictions

The Services will only be provided within the Facility and only if and so long as the Facility remains properly Accredited and Designated. If and whenever the Facility ceases to be properly Accredited or

Designated for the provision of any or all of the Services:

- (a) the Operator will immediately advise AHS and cease either performing or allowing the Services (or those of the Services impacted by the cessation where not all of the Services are so impacted) to be performed so long as the lack of Accreditation or Designation continues; and
- (b) AHS shall have the right to terminate the Agreement on notice to the Operator in whole, or with respect to that portion of Services affected where the cessation of being Accredited or Designated impacts only a portion of the Services.

If and whenever the Facility is placed under conditional or probationary status or becomes subject to a directive, requirement or limitation imposed by either the CPSA or the Minister or any other Professional Governing Body having jurisdiction (as applicable), the Operator will immediately advise AHS of the directive, requirement or limitation and shall immediately and fully take such steps as are required to either remove the conditional or probationary status or to comply with the directive, requirement or limitation, as the case may be.

3.3 No Right to Re-locate

The Operator shall not use any location for the performance of the Services other than the Facility without the prior written approval of AHS and the Minister. Where the Operator desires to provide the Services at a location other than the Facility, the Operator shall provide AHS and the Minister with reasonable details of the location and equipping of the proposed site and evidence of its being Accredited and Designated to the extent required under Applicable Laws, such notice to be submitted to AHS and the Minister not less than ninety (90) days in advance of the proposed effective date of the re-location or the addition of the new location. The Operator shall also afford AHS' and the Minister's representatives a reasonable opportunity to inspect the proposed site prior to commencing providing the Services at that site. There is no right to relocate the Facility without AHS and Minister's approval.

3.4 Implied Inclusions in Services

Where any goods, materials, services, equipment, facilities or personnel (including without limitation all personnel providing professional or administrative services) are required for the proper and timely performance and provision of the Services and such

goods, materials, services, equipment, facilities or personnel are not expressly or completely described in this Agreement, the provision of the Services by the Operator using such goods, materials, services, equipment, facilities and personnel shall be deemed to be implied and required by this Agreement at no additional cost to AHS.

3.5 Guaranteed Minimums and Exclusivity

Unless expressly provided for in Schedule "B" AHS does not guarantee to the Operator:

- (a) any minimum in terms of the quantity of Services which will be required,
- (b) a minimum amount of funding in relation to the undertaking by the Operator of the Operator's obligations under this Agreement, or
- (c) any right of exclusivity in terms of the provision of services of the nature and type of the Services, in the Province or any part thereof.

4.0 Access to Services

4.1 General Legislative

The Operator agrees that, in providing access to Clients to the Services and without limiting any other provisions in this Agreement, the Operator will comply in all respects with the provisions of the *Canada Health Act* (Canada) and the *HCP Act*. Without limiting the generality of the foregoing:

- (a) all Clients obtaining Services from the Operator shall receive the Services on a fair, equal and consistent basis to the extent clinically appropriate in accordance with the clinical standards generally in use within the Province. Without limiting the generality of the foregoing, the Operator will not favour Clients with less complicated clinical concerns over those with more complicated clinical concerns;
- (b) the Operator shall neither deprive any Client of access to the Services nor give any Client requiring or requesting the Services priority over any other Client requiring or requesting the Services where such access or priority is in any way based on, or related to, the Operator receiving money or other valuable consideration or the Operator receiving

payment for Enhanced Medical Goods or Services or Non-Medical Goods and Services or the Operator having the opportunity to provide services which are not Insured;

- (c) the Operator shall not charge any Client or other person or entity (other than AHS in accordance with Schedule "B") any amount relative to the provision of the Facility or Services provided by the Operator pursuant to this Agreement;
- (d) the Operator shall strictly comply with the requirements of the HCP Act (and regulations thereunder), including without limitation all requirements related to the provision of any Enhanced Medical Goods or Services or Non-Medical Goods or Services, and will provide to AHS copies of all documentation provided to, or executed by, Clients related to any such goods or services provided in the Facility in the course of providing the Services. Requiring Non-Medical Goods and Services to be sold as a condition of selling Enhanced Medical Goods and Services is specifically prohibited. "Bundling" of charges for Enhanced Medical Goods and Services with charges for Non-Medical Goods and Services is also expressly prohibited; and
- (e) Enhanced Medical Goods or Services may only be charged for if the items supplied are listed in, or otherwise able to be supplied in compliance with, the HCP Act and Regulations and all consents and requirements of the HCP Act and Regulations related to the supply are met.

4.2 Medical and Non-Medical Goods and Services

Schedule "F" sets out all Enhanced Medical Goods or Services and Non-Medical Goods and Services permitted to be provided to Client receiving the Services.

5.0 Service Fees

5.1 Amounts Payable

- (a) AHS shall pay the Operator for the Services provided at the Facility during the Term in accordance with this Agreement based on the provisions in Schedule "B". The parties acknowledge that the Service Fees do not represent payment for any surgical services provided by Physicians and able to be billed by such Physicians directly to Alberta Health and Wellness and further acknowledge that AHS is not by this Agreement undertaking any liability or

responsibility for the payment for professional surgical services rendered at the Facility apart from the amounts described in Schedule "B".

- (b) The maximum amounts payable by AHS, both per procedure and in the aggregate, are set out in Schedule "B".
- (c) The Service Fees represent compensation to the Operator for all resources required to be provided by the Operator to perform the Services at the Facility other than the Physician services compensated for directly by Alberta Health and Wellness.

5.2 Invoicing and Payment

Service Fees payable to the Operator for the Services are to be invoiced by the Operator on a monthly basis within fifteen (15) days of the end of the month in which the Services were performed and amounts payable by AHS will, subject to Section 5.5, be paid to the Operator within forty-five (45) days of receipt of a proper invoice for the amount payable.

5.3 Right to Withhold Payment

AHS reserves the right to withhold payments from the Operator if the Operator fails to comply with the reporting requirements set out in this Agreement.

5.4 Goods and Services Tax

Service Fees are not to include any "goods and services tax" so long as AHS is exempted from paying such taxes. Invoices for Services received more than forty-five (45) days after the end of the month in which the Services were performed need not be considered for payment by AHS.

5.5 Invoice Disputes

Notwithstanding AHS' obligation under Section 5.2, if AHS reasonably disputes any item in an invoice, it shall provide the Operator with notice of the dispute, including an explanation of the reasons for such dispute, within five (5) Business Days of its recognizing the dispute and AHS shall not be obliged to pay the disputed item until AHS and the Operator have resolved the dispute.

6.0 Term of Agreement, Termination and Suspension

6.1 Term

Subject to both delay in commencement and earlier termination as contemplated by this Agreement and subject to extension pursuant to Section 6.3, the term of this Agreement shall be for the period commencing on April 1, 2010 and expiring on March 31, 2012.

6.2 Conditions Precedent

Express conditions precedent to this Agreement and the engagement of the Operator by AHS having any force or effect are as follows:

- (a) the Minister shall have approved this Agreement; and
- (b) the Facility shall have been Designated by the Minister as required pursuant to the HCP Act.

If these conditions are not fulfilled as at the date of this Agreement then, notwithstanding any other provision to the contrary, this Agreement shall not come into effect unless and until the Minister's said approval and Designation is granted and neither party shall have rights or obligations relative to this Agreement until that time. If these conditions are not fulfilled by the date which is ninety (90) days after the commencement date stated in Section 6.1, either party may terminate this Agreement on notice to the other at any time thereafter.

6.3 Renewal

Subject always to receipt of all required approvals from the Minister to any renewal, AHS shall have the right to extend the term for a period of twelve (12) months on the same terms and conditions as are contained in this Agreement by written notice to the Operator given not later than 180 days prior to the then current expiry date of the Agreement. Where the Minister fails to approve of any renewal by the proposed commencement date of such renewal period, this Agreement shall terminate on the expiry of the then current term.

6.4 Default and Termination

- (a) If either Party (the "**Non-defaulting Party**") determines that the other Party (the "**Defaulting Party**") is in breach of any term or condition of this Agreement, unless the breach is a Substantial Breach, the Non-defaulting Party shall give the

Defaulting Party fourteen (14) days from the day of written notification of the breach for the Defaulting Party to remedy the breach or if the breach cannot reasonably be cured within such period, provided the Defaulting Party proceeds to diligently remedy the default, such additional period of time as is reasonably required to remedy the breach, as determined by the Non-defaulting Party, acting reasonably.

- (b) If the breach under Section 6.4(a) is a Substantial Breach, the Non-defaulting Party shall, without limiting any other rights it may have in law or equity, have the right to terminate this Agreement without cost, penalty, or process of law with a minimum of forty-eight (48) hours prior written notice to the Defaulting Party.
- (c) If the Operator materially defaults in the observation or performance of any term or condition of this Agreement, and fails to remedy such default within the period provided for herein, AHS shall be entitled, but not obligated, to take such steps as may be available or desirable to remedy such default, and all costs of AHS in that regard shall be paid by the Operator to AHS on demand.
- (d) If AHS is reasonably of the view that the Services performed by the Operator are either not in accordance with the requirements of this Agreement or pose any unacceptable risks to the safety of Clients receiving the Services, AHS may, without limiting any other rights or remedy, immediately suspend performance of further Services at the Facility on notice to the Operator.

6.5 Termination for Convenience

Either Party may terminate this Agreement during the Term, without cause and for any reason, on 180 days' written notice to the other Party in advance of the proposed date of termination (which date shall be specified in the notice of termination). Notice may be waived by mutual agreement in writing of both Parties.

6.6 Obligations after Termination

If this Agreement is terminated, cancelled or ends for any reason, the Operator shall:

- (a) promptly forward to AHS, all reports required pursuant to the terms of this Agreement;

- (b) at the request of AHS, return to AHS any Confidential Information; and
- (c) promptly provide to AHS an invoice for any Services provided under the terms of this Agreement up to the date of termination for which it has not been paid. The invoice shall appropriately identify the Services provided to AHS and shall be in such format as required by AHS.

6.7 Continuity of Care

The parties shall co operate to ensure continuity of care for Clients during any transitory period relating to this Agreement, whether caused by the implementation or termination of this Agreement, or otherwise.

7.0 Laws, Rules, Policies, Standards and Guidelines

7.1 Compliance Commitment

In the provision of the Services, the Operator will comply with, and will ensure the compliance by all persons involved in the provision of the Services within the Facility with, all of the following, as amended from time to time:

- (a) all Applicable Laws;
- (b) all directives, rules, policies, standards, performance expectations, clinical requirements and guidelines established from time to time by AHS, the CPSA, any other Professional Governing Body having jurisdiction, or the Minister in relation to the provision of the Services at the Facility, including without limitation the Quality Standards and Expectations described in either the Proposal (if applicable) or Schedule "C" attached, as amended from time to time;
- (c) the requirements of all permits, licenses, certificates or approvals applicable to the Operator, all persons operating within the Facility, the Services or the Facility;
- (d) the requirements of all applicable Medical Staff Bylaws;
- (e) the reporting requirements described in Schedule "D"; and

7.2 Operator Responsibilities

- (a) The Operator is responsible to become aware of and be compliant with all changes affecting its obligations under Section 7.1 (a) through (e).
- (b) In respect of Section 7.1(f), the Operator is responsible to become aware of the requirements of the Applicable Policies and shall obtain such Applicable Policies as they are made available on AHS' website. If AHS makes any change to Schedule "G", AHS shall notify the Operator, in writing, of any such change and the Operator agrees that the notice thereof shall effectively revise Schedule "G".

7.3 Conflicts of Interest

- (a) The Operator shall immediately advise AHS whenever the Operator becomes aware that any member, agent or senior officer or employee of AHS may be in a conflict of interest (as prescribed by the Conflict of Interest Bylaw) and the Operator shall refrain from taking or approving or participating in any acts or omissions which could result in any of the said persons being in a conflict of interest.
- (b) The Operator shall immediately advise AHS of any allegations of conflict of interest made against the Operator and hereby authorizes the CPSA or any other Professional Governing Body having jurisdiction to provide to AHS any information related thereto in its possession.

7.4 Ethical Issues

The Operator agrees to comply with all Applicable Laws and all ethical requirements imposed on it or Physicians involved in the Services and to report to AHS and all interested Professional Governing Bodies any circumstances of which it becomes aware which could involve a breach of ethical requirements by it or any such Physician.

8.0 General Commitments Related to Services

8.1 Specific Services-Related Commitments

The Operator commits to AHS that the Services as provided in the Facility will:

- (a) comply in all respects with the requirements of this

Agreement and good clinical practice;

- (b) be performed by fully trained, qualified and accredited Staff (on an ongoing basis);
- (c) be performed using equipment which is in good condition, which is suitable and adequate for the use being made and which has received such approvals and licenses as are required for proper operation in accordance with the requirements of all Applicable Laws, regulatory authorities and the manufacturer, where applicable; and
- (d) be performed in a manner which reasonably ensures that all medical records related to Services performed at the Facilities will be transferred or transmitted accurately and expeditiously (by courier or electronic means, subject always to the form of transfer or transmittal used meeting the requirements of all Applicable Laws related to privacy and protection of data) to all those persons responsible for the ongoing care, if any, of Clients, in every case and AHS, when requested.

8.2 Specific Facility-Related Commitments

In providing the Services at the Facility, the Operator will:

- (a) ensure that the Facility, at all times during the Term, is in full compliance with Article 7 of the CPSA's NHSF Standards and Guidelines, as amended; and
- (b) maintain all Accreditations for the Facility, Equipment and all personnel involved in the provision of the Services required, under Applicable Laws or by the CPSA or any other Professional Governing Body having jurisdiction.

8.3 Ancillary Obligations

The Operator agrees with AHS to:

- (a) collaborate with AHS in focusing on approaches to the provision of the Services which ensure that the Services as provided are part of a health system which optimizes resource utilization and provides services which are of high quality, efficient and effective and which ensures that the Services as provided by the Operator are provided in a manner and to a standard not less than that provided in public hospitals;

- (b) accommodate the implementation of any clinical practice guideline developed from time to time by those clinical departments/divisions/sections in the Province relevant to the performance of the Services;
- (c) collaborate and cooperate with AHS on a continual basis in the development and implementation of innovative projects or processes relating to the provision of surgical services in the Province of, or similar to, the nature and type of the Services, including without limitation those related to:
 - (i) assessing the health needs in the Province,
 - (ii) assessing resource utilization in the Province,
 - (iii) developing continuous improvements,
 - (iv) evaluating the cost effectiveness of the Services; and
 - (v) developing processes to accommodate expected future changes to Clients requiring services (e.g. population ageing, criteria expanding),

and to implement within the Facility all related AHS quality assurance and monitoring activities developed;
- (d) act reasonably to meet volume demands within criteria established and funding available as specified in this Agreement;
- (e) act reasonably to allocate procedures carried out at the Facility on an annual basis such that the maximum cumulative available Services (as identified in Schedule "B") per annum are reasonably distributed/scheduled over the whole year;
- (f) participate in technology assessment, including equipment, testing protocols and procedures;
- (g) incorporate specific outcome measures for the Services;
- (h) inform AHS of any new technology/practice procedures related to the Services which are discovered and which appear to have a reasonable potential to significantly impact either Client care or the cost of providing the Services;

- (i) obtain the written approval of AHS prior to use of new technology/practice procedures in connection with the Services; and
- (j) refrain from performing services of the nature and type of the Services either which are in excess of the maximum volume(s) of the Services contemplated in Schedule "B" or which would result in the dollar maximum in Schedule "B" being exceeded if the said services were paid for (which payment is not required by this Agreement).

8.4 Membership in Medical Staff

Subject to Section 8.5, all Physicians engaged in performing the Services must be members of the Medical Staff with privileges entitling them to perform surgical services of the type and character of the Services. The Operator shall be responsible to AHS to ensure that the provisions of this Section are continuously complied with.

8.5 Alternate to Membership in Medical Staff

Where membership in the Medical Staff is not possible or practicable for any Physician proposed to provide some or all of the Services either due to the Medical Staff Bylaws not contemplating the granting of appointments or privileges outside hospitals and such Physician not practicing or continuing to practice within any hospital in the area where the Facility is located or due to such Physician not being subject to the Medical Staff Bylaws, that Physician may still provide the Services at the Facility if and only so long as the following conditions are fulfilled:

- (a) that Physician submits all information to AHS as would be required for a physician to become entitled to become or to remain a member of the Medical Staff in the area where the Facility is located holding privileges sufficient to perform the Services together with an undertaking to be bound by the Medical Staff Bylaws insofar as the provision of the Services;
- (b) AHS approves of the Physician providing the Services, such approval to be granted or withheld in a manner consistent with the Medical Staff Bylaws; and
- (c) the Physician complies with all requirements of the Medical Staff Bylaws to the same extent as if he or she were a member of the Medical Staff.

9.0 Complaint and Incident Processes

9.1 Processes to be Established

- (a) Client Concern Resolution Process. The Operator will co-operate with AHS to immediately implement a process whereby all Clients of the Operator are given the opportunity to evaluate or comment on the Operator's provision of the Services. The Operator will inform its Staff and Clients of this process and will maintain appropriate documentation of its patient concerns resolution process and any follow-up thereto. The Operator's patient concerns resolution process shall be coordinated with AHS' patient concerns resolution process to the extent reasonably practicable in accordance with the *Patient Concerns Resolution Process Regulation* (AR 124/2006). If a Client or delegate informs AHS of a concern with respect to the Operator or the Services, AHS shall forward the concern to the Operator for resolution. The Operator acknowledges and agrees that AHS shall be entitled to become involved in the patient concern resolution process in the event that the Client is dissatisfied with the Operator's resolution of the matter.
- (b) Incident Reporting Process. The Operator will immediately put in place processes whereby all Reportable Incidents are:
- (i) immediately reported to AHS in sufficient detail necessary for AHS to fulfill any emergent responsibilities as a health authority and health care provider;
 - (ii) immediately reported to the CPSA, as per the NHSF Standards and Guidelines; and
 - (iii) reported to AHS, Alberta Health and Wellness and CPSA or other Professional Governing Body having jurisdiction (as applicable) complete with all then known details within 24 hours of occurrence;
- all in accordance with the process set out in Schedule "D", Appendix 4; and
- (c) The Operator will report all concerns raised regarding clinical or non-clinical practices in the Facility or by Physicians engaged in performance of the Services to both the CPSA (or any other Professional Governing Body having jurisdiction) and AHS' appropriate clinical administrators as

soon as is practicable in the circumstances.

- (d) The Operator hereby authorizes the CPSA and any other Professional Governing Body (as applicable) involved in reviewing any Reportable Incident or clinical practices to provide to AHS any information related thereto in the CPSA's or other Professional Governing Body's possession.

10.0 Educational Programs, Research and Public System

10.1 Educational Support

Having regard to the resources reasonably available to the Operator for such purposes, the Operator will cooperate with and assist AHS (and appropriate educational institutions) in the pursuit of their respective missions to educate students in medicine and other health disciplines in the Province. Without limiting the foregoing, the Operator's involvement will include the participation of students in work experiences, including:

- patient care,
- surgical and anesthetic teaching and assisting,
- counselling and technical evaluation of patients, pre-operatively and post-operatively, and
- development, evaluation and completion of research protocols.

10.2 Research Support

- (a) Having regard to the resources reasonably available for such purposes, the Operator will cooperate with AHS to provide such participation by its Staff as may be reasonable in relation to the carrying out of research within the Province.
- (b) The Operator agrees to promptly notify AHS in the event that it undertakes or agrees to participate in any form of clinical trial, research project, instrument use, or similar activity which in any way relates to the Services provided under this Agreement. The Operator shall, upon request, provide AHS with written evidence of Client disclosure and consent to research.

10.3 Clinical Support

In arranging for Physicians and other Staff to provide the Services, the Operator shall use all reasonable efforts to ensure that the pool of Physicians and other health care professionals required by AHS or

other hospital operators in the Province to provide clinical services within publicly funded hospitals operated by them is not materially and adversely impacted. For the purposes of implementing this provision, the Operator will, prior to recruiting any Physician or other health care professionals then practicing in any hospital in the Province, consult with AHS as to the impact such recruitment would have on the ability of AHS (or the operator of the hospital, as the case may be) to meet the expected needs of Clients. Where any recruitment by the Operator can reasonably be expected to unduly jeopardize the then current clinical resources of publicly funded hospital facilities in the Province, the Operator shall not proceed with the recruitment.

11.0 Audit and Reporting

11.1 Right to Inspect and Audit

AHS and the Minister shall have the right (including all access rights required) to inspect or audit the Facility and all of the equipment, Staff and records of the Operator (and to take copies of records where either desires to do so) related to Services performed or to be performed (and goods and services sold or otherwise provided to persons receiving such Services) at all reasonable times and without prior notice in cases of emergency or whenever there is any reasonable apprehension of any ongoing danger to Clients for the purposes of determining compliance with this Agreement, the accuracy of any information provided and compliance with all Applicable Laws.
